by convention;
embracing
ART & SCIENCE
to create
the smoothest
*wysgi**
on earth.
EXPLORE.

THE SMOOTHEST *wysgi* ON EARTH.

OUR INDEPENDENCE.

At the dawn of the new millennium, a group of friends from the beautiful country of Wales set out with a simple vision. As the first Welsh distillers in more than a century, we were determined to break with convention and pledged to realise our dream.

We're located in the perfect spot in the old village of PENDERYN, nestled in the foothills of the Brecon Beacons, and there we have created the best little distillery in Wales. And the smoothest *wysgi* on earth.

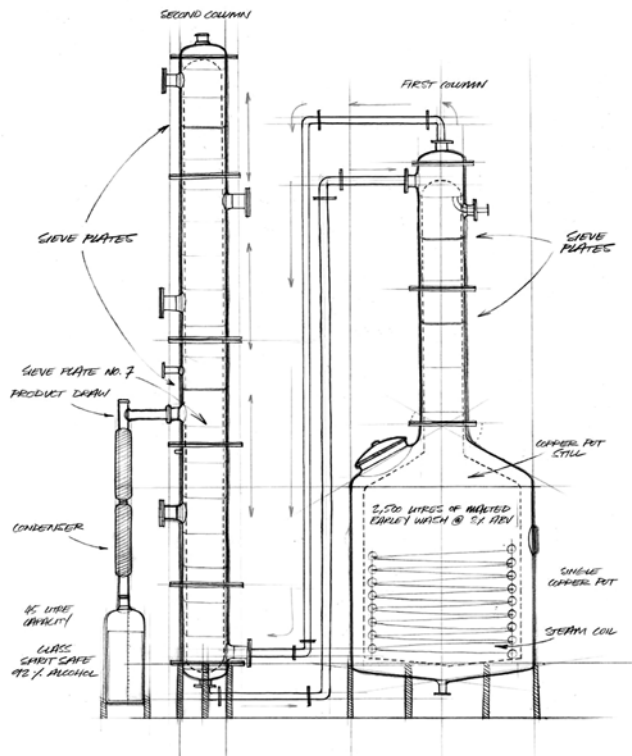

THE SCIENCE OF OUR FARADAY STILL.

The whisky still at PENDERYN is unlike any other: a single copper pot still that brings forth a flavourful spirit of extraordinary strength and purity.

Invented exclusively for us by Dr David Faraday, descendent of the ground-breaking Victorian scientist, Michael Faraday, our still creates a barley spirit of great finesse, whilst removing certain impurities that traditional pot stills leave behind.

At 92% alcohol by volume our new spirit has the highest strength of any malt *wysgi*; and with just one cask produced every day, it is also exceptionally rare.

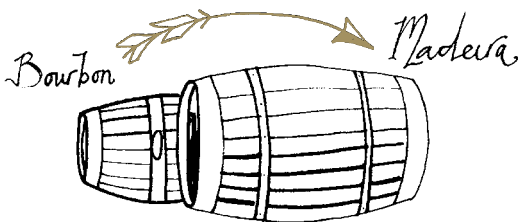

OUR UNIQUE
FARADAY
POT STILL

THE ART OF MATURATION.

The PENDERYN house style derives uniquely from the use of two types of cask. For the initial maturation, we use the finest hand-selected bourbon barrels, and to finish the *wysgi* we transfer it to Portuguese barriques that have previously nurtured a rich Madeira wine. Each cask is closely watched and regularly ‘nosed’ until the wood has imparted its full gift of flavour and the *wysgi* has reached the point of perfection.

It is a moment that can only be judged by the exquisite precision of the human senses.

TWO CASK MATURATION

FRESH AND VIBRANT.

Thanks to the quality and character of our chosen casks, the delicate spirit rapidly develops a sophistication normally confined to much older whiskies; and to retain its freshness and vibrancy we take care never to let PENDERYN over-mature.

Art and science come together when Gillian, our talented young distiller, decrees that a cask is ready. Reducing the strength drop by drop with our very own Brecon spring water, we bottle PENDERYN *wysgi* without chill-filtration.

PENDERYN
SINGLE MALT WELSH WHISKY
MADEIRA

Aur Cymru AC

Like WELSH GOLD (*Aur Cymru*) this golden whisky is rare and precious and is hand crafted by our Master Distiller at Penderyn in the heart of Wales

THE SMOOTHEST *wysgi* ON EARTH.

A SEAM OF WELSH GOLD.

With less made in a year than many distilleries produce in a day, PENDERYN is as precious as Welsh gold. Our flagship Madeira-finished expression has a classic freshness with aromas of cream toffee, rich fruit and raisins. The palate is crisp and finely rounded, with a sweetness to balance an appetising dryness. Notes of tropical fruit, raisins and vanilla persist in the finish.

It is indeed the smoothest *wysgi* you'll ever taste.

EXPLORE.

If you share our curiosity about the world, our quest for excellence and our pride in the unique spirit of Wales; and above all if you enjoy the company of good friends, we invite you to join us in a glass of PENDERYN *wysgi*.
