publication of the global studies directory represents an unprecedented project in world practice based on the professional assessment by a large international team of experts the directory offers information on the most well known scholars political and public figures who have made outstanding contributions to the establishment and development of global studies or made a fundamental impact on the formation of global world the directory also contains comprehensive information about organizations periodicals and special literature of direct relevance to the theory and practice of globalization and fully demonstrates the state of affairs in the field of study on a global level this project is a continuation of many years of research which first resulted in the publication of the global studies encyclopedic dictionary the companion publication to the directory

in the course of three years the globalisation project has gathered experts from a variety of disciplines to reflect together on globalisation its origins its manifestations and consequences particularly for the christian religion and for christian churches today this second volume on this theme in the beyers naud series also represents a selection of papers that were presented at consultations of the joint project in this case during those held at stellenbosch and emden germany in 2009

today nutrition is mainly discussed under nutritional medical health or ideological aspects e g vegetarianism veganism etc although the food industry represents one of the most important markets questions of food production agriculture food trade and biodiversity are mostly discussed under national auspices not only on the producer side but also from the consumer perspective food markets although still nationally structured have become more and more global markets which can be seen for example in the development of food commodity prices in addition large food corporations are pursuing the strategy of standardizing the entire value chains in the agricultural and food sectors under their control mind you the book addresses economic issues related to food production agriculture food trade and biodiversity alternatives to traditional agriculture factory

farming and biodiversity loss are discussed and reflected upon from an economic perspective particular attention is paid to aspects of globalization this book is a translation of the original german 1st edition ernährung nahrungsmittelmärkte und landwirtschaft by christian j jäggi published by springer fachmedien wiesbaden gmbh part of springer nature in 2018 the translation was done with the help of artificial intelligence machine translation by the service deepl com a subsequent human revision was done primarily in terms of content so that the book will read stylistically differently from a conventional translation springer nature works continuously to further the development of tools for the production of books and on the related technologies to support the authors

this book examines the past present and prospects of regional economic integration in africa the empirical analysis ranges from unions formed during the years following independence to the proposed african continental free trade area afcfta which aims to remove trade barriers between all 55 african states in addition the book explores to what extent africa s regional economic communities recs have advanced in accordance with a linear integration model of goods labor and capital markets the book subsequently evaluates the suitability of the european model of deep integration with costly institutions for the conditions specific to africa considering for example the role of informal and non recorded trade stylized cases of regional division of labour with increasing returns and imperfect competition are introduced to support the economic integration logic past and current economic policies in africa are scrutinized to answer the question how can african regions best foster new manufacturing industries and value chains across the continent in conclusion the book outlines content and processes of common industrial policy in the african regions the book also addresses the controversial issue of international trade agreements between developing countries and the european union or the usa and investigates whether these agreements impede or promote economic development in africa the book includes a detailed roadmap describing how to improve key clauses of agreements for economic partnership in the interest of african countries in closing it outlines a new vision of joint sustainable development for africa and europe

this important two volume set unapologetically documents how capitalism results in the oppression of animals ranging from fish and chickens to dogs elephants and kangaroos as well as in environmental destruction vital resource depletion and climate change most traditional narratives portray humanity s use of other animals as natural and necessary for human social development and present the idea that capitalism is generally a positive force in the world but is this worldview accurate or just a convenient easy to accept way to ignore what is really happening a systematic oppression of animals that simultaneously results in environmental destruction and places insurmountable obstacles in the path to a sustainable and peaceful future david nibert s animal oppression and capitalism is a timely two volume set that calls into question the capitalist system at a point in human history when inequality and the imbalance in the distribution of wealth are growing domestically and internationally expert contributors show why the oppression of animals particularly the use of other animals as food is increasingly being linked to unfavorable climate change and the depletion of fresh water and other vital resources readers will also learn about the tragic connections between the production of animal products and global hunger and expanded regional violence and warfare and they will understand how many common human health problems including heart attacks strokes and various forms of cancer develop as a result of consuming animal products

der globale wandel einhergehend mit Ökonomisierung migration medialisierung und sozialer spaltung stellt uns vor gesamtgesellschaftliche herausforderungen er konfrontiert uns mit der zentralen frage wie wir unser zusammenleben künftig gestalten wollen auch die kulturelle bildung steht in enger wechselbeziehung zu den aktuellen gesellschaftlichen entwicklungen sie bildete sich in den 1970er jahren im kritischen diskurs zur bisherigen kulturpädagogischen praxis mit einem eigenen pädagogischen wertekanon ist dieser wertekanon heute noch relevant das buch reflektiert in diesem sinne kritisch bisherige positionierungen im zuge des gesellschaftlichen wandels und wirft die frage nach einer neupositionierung der kulturellen bildung auf

unsere beziehung zu den anderen tieren gewinnt nicht bloß mehr und mehr an gesellschaftlicher bedeutung sie ist auch für die wissenschaften wieder zum thema geworden mit diesem band widmet sich zum ersten mal ein lexikon umfassend den mensch tier beziehungen im gegensatz zu traditionellen einführungen in die tierethik beschränkt sich das groß angelegte werk aber nicht auf moralphilosophische themen sondern beleuchtet die mensch tier beziehungen u a auch aus historischer soziologischer ethologischer und kulturwissenschaftlicher perspektive

sinn und zweck dieses handbuchartigen Überblicks ist es die verschiedenen parteien der grünen in ganz europa als einheitliche kraft darzustellen aus der sicht der deutschen politiker der grünen wird die politische arbeit grüner parteien in den verschiedenen ländern europas charakterisiert es werden gemeinsame ziele für die arbeit im europaparlament formuliert bereits vorhandene programme abgedruckt die wahlergebnisse werden aufgelistet auch die bisherigen regierungsbeteiligungen der grünen in den einzelnen staaten das buch bietet somit wichtige informationen auch eine adressenübersicht als basis zur bildung eines selbstverständnisses im europäischen maßstab festzuhalten ist dass sich grüne politik schon lange nicht mehr auf umweltfragen beschränken lässt das buch fördert einen europäischen prozess der nicht nur für die grünen sondern für alle demokratischen parteien von bedeutung ist 2 a
